A ROOM FOR YOUR LIFE

Your space. Your way.

Prepared for Sample design. A personalised CasaNova design for relax & unwind.

Illustrative design. Furniture, surroundings and opening positions require confirmation.

YOUR CASANOVA

3 x 4 module

3.28m x 4.28m overall

Metallic dark grey

PRODUCT BUDGET

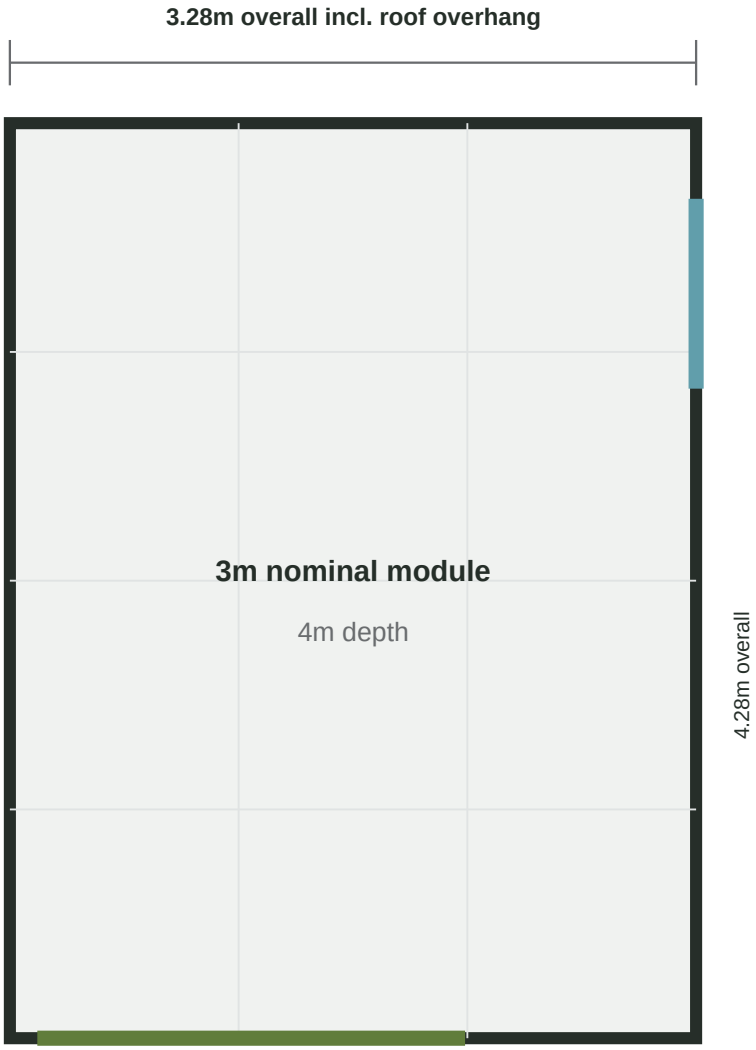

GBP 16,055

UK list prices incl. VAT. Delivery to your site, assembly and base work are separate.

MAKE THE FIT CLEAR

Your footprint & layout.

Use these dimensions to start a conversation about placement, access and how you want to use the space.

Plan is indicative; green = entrance, blue = glazing. Final positions require approval.

DIMENSIONS TO DISCUSS

Overall height: 2.505m. Overall roof footprint: 14.04m2. Module dimensions are size names, not exact internal usable space. Final base, openings, clearances and internal dimensions must be checked with the dealer.

EVERY CHOICE, IN ONE PLACE

Your specification.

A concise record of the design you saved. Keep this page with your reference when requesting a dealer quotation.

Product	**Biohort CasaNova 3 x 4**
Exterior finish	**Metallic dark grey**
Entrance	**Double doors with insulated glass inserts**
Entrance preference	**left on front wall - indicative**

PRODUCT TOTAL INCL. 20% VAT

VAT component: GBP 2,675.83

GBP 16,055

What this covers

Selected product and accessories, VAT, and transport to the dealer warehouse. Dealer terms and delivery arrangements must be confirmed.

Quote separately

Delivery to your garden and unloading; foundation, groundworks and finished floor; assembly labour; electrical connection, fixtures, heating and furniture; planning or other site work.

View the official 2026 UK price list

PLAN A SMOOTH PROJECT

Prepare your garden.

These checks help your dealer assess feasibility and produce a complete quotation. Take photos and measurements before your conversation.

01

Placement & space

Mark the 3.28m x 4.28m overall footprint. Check door operation, maintenance clearance and nearby trees or structures. Confirm exact tolerances before base construction.

02

A suitable foundation

Ask for the current CasaNova foundation plan. The base must be level, load bearing and correctly dimensioned. Existing slabs require a suitability check. A floor frame is an accessory, not foundation construction.

03

Delivery & access

Record access width, turns, steps, parking and unloading arrangements. UK list transport is to the dealer warehouse. Your dealer should confirm end-customer delivery and how materials reach the installation area.

04

Planning & services

Check local requirements for your intended use and position. Do not assume planning permission is unnecessary. Ask qualified professionals about power, heating, ventilation and any other services you need.

05

Final specification

Confirm door handing, final opening positions, glass compatibility, drainage and accessory locations before ordering. Some selected components cannot be retrofitted, so resolve decisions with the dealer early.

BRING YOUR DESIGN TO LIFE

Your next step.

You have a clear starting specification. A Biohort dealer can confirm the exact product, installation feasibility and complete project cost.

YOUR DESIGN REFERENCE

BH-20261011-SAMPLE

1 Review and refine

Open your saved design to adjust size, finish or glazing. A changed specification needs a new product budget and guide.

2 Request a complete quotation

Share this guide and your site photos with a dealer. Ask for product, home delivery, foundation, assembly and services as separate lines.

3 Approve before ordering

Confirm drawings, dimensions, opening positions, warranty conditions and dealer terms. This guide does not place an order or reserve a delivery date.

RETURN TO YOUR DESIGN

FIND A BIOHORT DEALER

Prepared from your saved configuration. Quote access lasts 30 days. This guide is a concept produced by the configurator; dealer approval and current product documentation take precedence.
