Your Biohort HighLine

HighLine H5 in metallic quartz grey. Prepared 13 October 2026.

Your price, including 20% VAT

£8,854

16 items at Biohort's published UK prices, itemised on page 6.

Biohort's published UK prices including 20% VAT and free kerbside delivery within 3 weeks to mainland Great Britain. Assembly and the base are separate unless you choose a Biohort foundation.

20-year guarantee

Maintenance-free for life, with a 20-year guarantee subject to Biohort's warranty terms and conditions.

Double the steel

Double the sheet steel thickness compared to low-cost providers, galvanised with at least 150 g/m² of zinc and enamel coated.

Free delivery in Great Britain

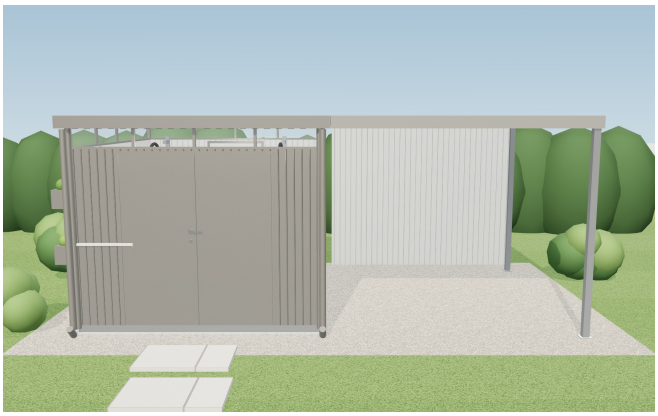

Free kerbside delivery of garden sheds to mainland Great Britain, usually within 3 weeks. CasaNova delivery is confirmed when you order.

Every side of your building

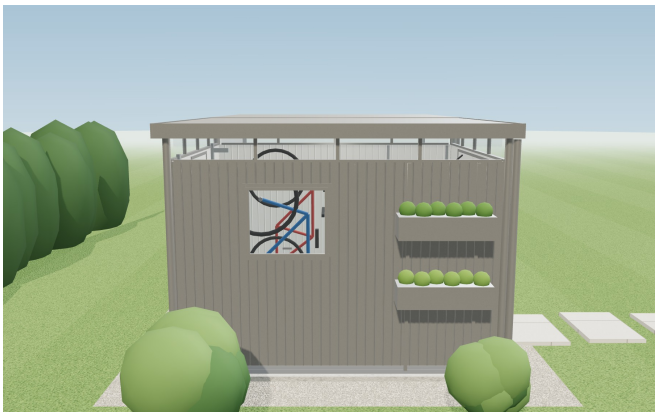

Front, back and both sides, as designed, in metallic quartz grey.

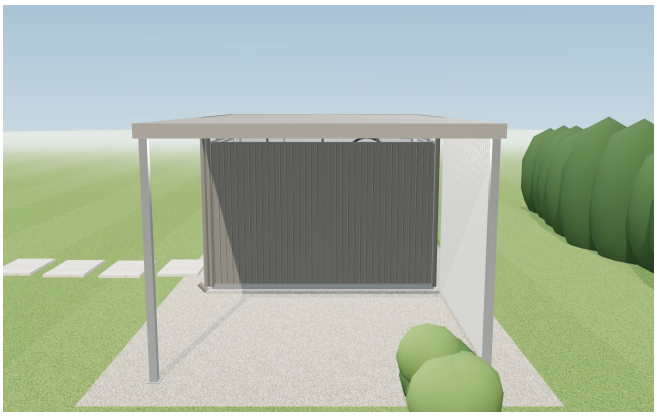

Front double door

Back additional door

Left side window unit

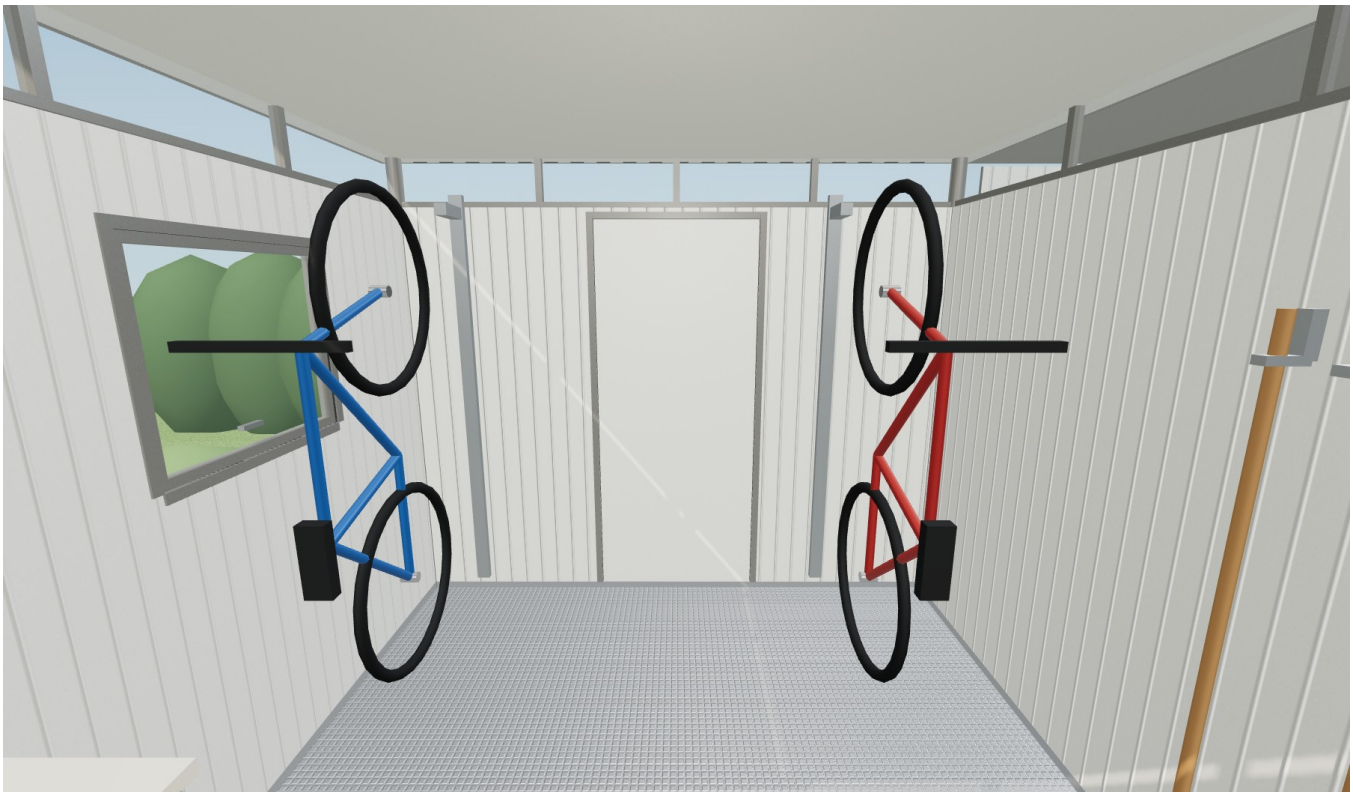

Right side side canopy

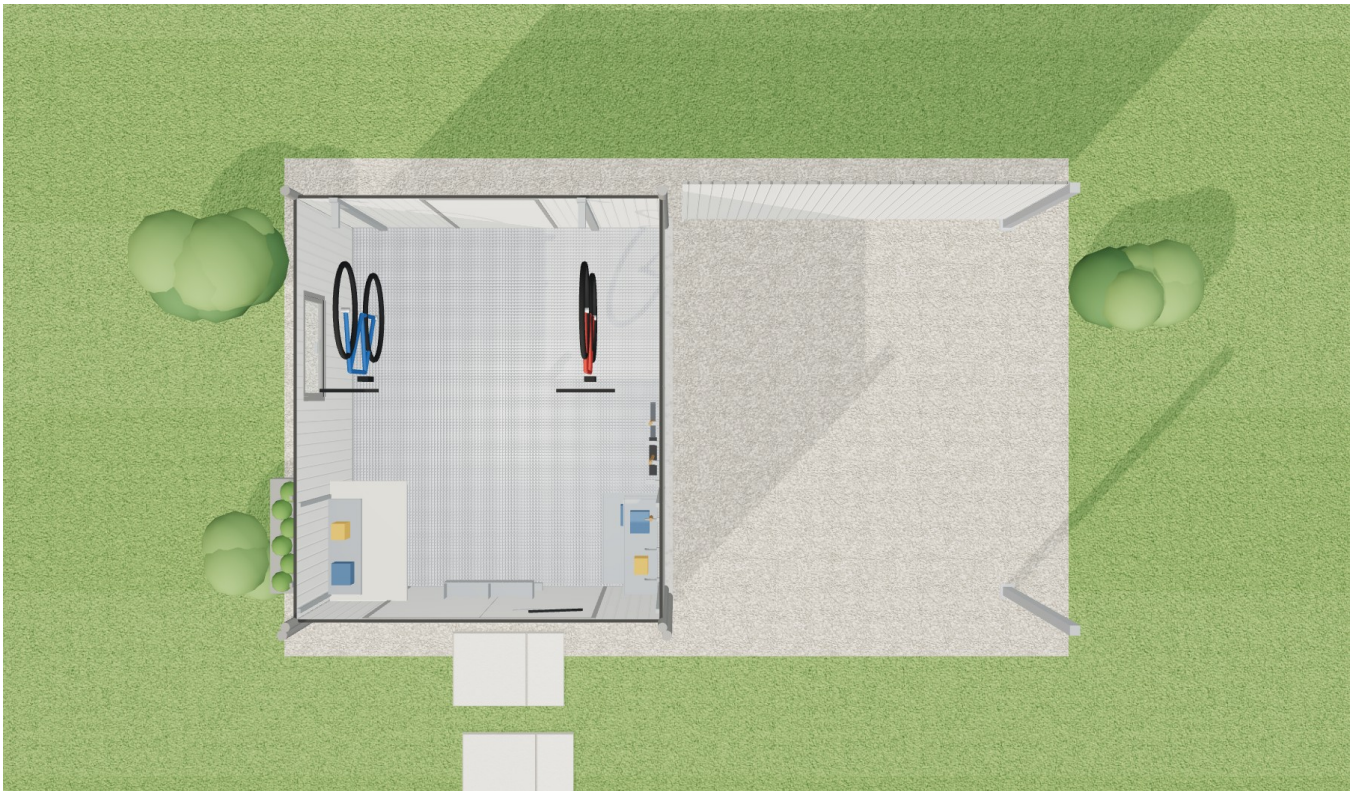

Tools, bikes and plants are illustrative. Door and window positions snap to Biohort's wall panels and are confirmed when you order.

Inside and from above

Inside 2.52m x 2.92m, 7.36m² usable and 2.1m high. Grey white walls.

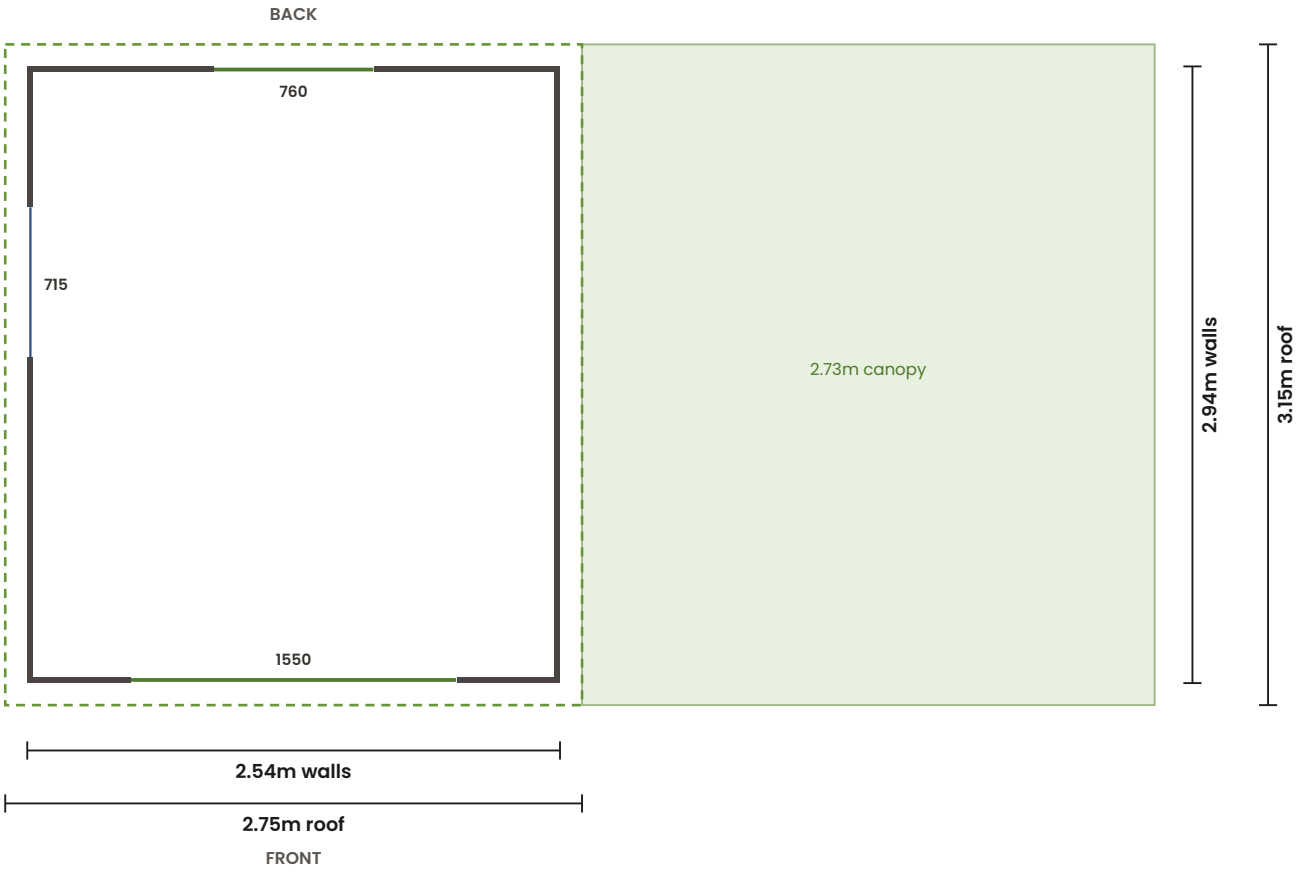

Inside, from the door

From above, roof off

Plan with dimensions

Walls in solid grey, the roof edge dashed, canopies hatched, door and window clear widths in millimetres.

Outside, including the roof: 2.75m x 3.15m, 2.22m high. Base needed: 257 x 297cm.

Door: 155 x 182cm clear opening. Leave about 80cm in front of a hinged door to open it.

Sizes from Biohort's data sheets and dimension tables. For foundations, use Biohort's own foundation plan for your size.

Assembly Biohort finds an assembly partner near you, who prices the work		**Quoted**

Total, including 20% VAT £8,854

Biohort's published UK prices including 20% VAT and free kerbside delivery within 3 weeks to mainland Great Britain. Assembly and the base are separate unless you choose a Biohort foundation.

Prices from Biohort's GB configurator and 2026 price lists (www.biohort.com/asset/Inhalte/Allgemeine-Seiten/Preislisten/Endkundenpreisliste_gb.pdf), read 13 October 2026. Biohort's prices do not constitute a binding offer; Biohort confirms your order. See this size in Biohort's shop: www.biohort.com/gb-en/p/garden-shed-highline/88069?country_id=gb.

What happens next

From your design to your building standing in the garden.

1. **Send your design or book a call**
   Biohort's UK team checks every part with you, confirms the price and answers questions about your site.
2. **Prepare the base**
   A level concrete slab or point foundations to Biohort's foundation plan (257 x 297cm), or a Biohort SmartBase that needs no concrete.
3. **Free kerbside delivery**
   To mainland Great Britain, usually within 3 weeks. The parts come in labelled boxes.
4. **Build it**
   With Biohort's photo-illustrated manual and assembly videos, or with an assembly partner Biohort finds near you.
5. **Enjoy it for decades**
   Maintenance-free steel with a 20-year guarantee, subject to Biohort's warranty terms and conditions.
